FIRE AND ROW.—Shortly after 12 o'clock on Saturday night, a fire broke out in a range of sheds containing a small quantity of hay and a large amount of coal, situated on the corner of Summit and Finlay streets, and in consequence of the combustible material they were soon burned to the ground. A great portion of the coal was desteayed. The damage amounts to probably \$1.000. No insurance. On the return of engine No. 16, the members were attacked by a parcel of rowdies in Hamilton avenue, and stoned from the ropes. The machine was upset and damaged, and a member was knocked over with agmissile, which hit him on the breast, and hurthim severely. No arrests were made.

DEFURBANCE IN PACIFIC STREET —A row occurred in Pacific street, near Court, at a late hour on Saturday night, in which women, as well as men and boys, participated. The Mayor, hearing the tumult, proceeded to the scene, and used his exertions in quelling the disturbance, the police being, at the time, at the fire in South Brooklyn. One of the risters, showing a disposition to disobey the directions of his Honor, was knocked over and escorted to the station houre. THE SCHOOL SYSTEM IN CALIFORNIA.—Through the kindness of the Hon. James H. Gardiner, we have reversed copy of the report of the superintendent of public schools. It is a very able document, and presents a systopis of the various subjects pertaining to our school system, as returned by the census agent. The number of children between the ages of four and eighteen years is 17,824—the largest number being in San Francisco (2,582) and the smallest in Klamath (8). Sierra had at that time 75. The number of schools under the law is only twenty, there being twenty four counties without a school. Out of the whole number of children, only 3 314 (about eighteen per cent) attend these schools. Sacraments, with 2,151 children, has not a single public school. The amount expended for teachers is \$21,335 42, and the whole amount of expenditures is \$28,103 74; the net revenue for school purposes \$22,172 84; amounts paid into the State Treasury, up to January, 16, 1853, \$12,874 65. The whole amount of school fund is \$203,849.

The First Act of a Truly Sensible Man, after his arrival in this city from alroad, is to discard his heavy, ill-shaped and undignified looking hat, and select a light and seasonable substitute from the stock of KNOX & JAMES, the batters of the New World. Their salerooms are at the corner of Broadway and Spring streets.

Four Hundred Sold in a Day.—The Demand for KNOX's clegant Rocky Mountain beavers is unparalleled, the sale of them in a single day, as we understand, having reached the encomons number of four hundred. This is the kind of popularity that is best understood and is calest appreciated, and we congratulate Knox upon this creditable encorsement of his skill and taste as a hatter. If any reader of this paper desires a first rate hat, at a economical price, they should buy at this place, No. 125 Fulton street.

You Can't Lose your Hat if you have your likeness in it.—RAFFERTY & LEASK, No. 57 Chatham street, opposite Chambers street, are the only hatters in the United States that can put your daquerrostype in your hat as they have applied for a patent for this invention, and they have put very customer's likeness in his hat free of charge. A sord to the wise.

"The Apparel oft Proclaims the Man"—so says Shahspeare, and so says H. L. FOSTER, wholesale and retail clothier, No. 27 Cortisned street, who supplies a well string, fashiovable sayle of clothing, of durable material, at a price that insures satisfaction. Pay him a visit.

Perfection cannot be achieved imprompta.— Study practice, care, and desterity are its elements. GREAN, No. I Aster House, was many years in reaching the perfect exactitude which now enables him to fit uner-ingly every style of figure, with his celebrated shirts. One trial will-prove their superiority.

Commercial Advertising House, 102 Nassau street, W. H. McGONALD, Frontister.—The best leading daily and weekly papers from every section of the Union and Canadas received daily, and kept for reference. No pay re-quired till orders are filled.

«Pigmies are Pigmies Still. Though Perched on Alps, and pyramids are pyramids in vales."—The post could not have letter expressed the character of the superbaguerrectypes of I OBYNS. RICHARDSON & MOISSE NET, the superiority of which has been universally acknowledged, and they have gained their "pyramidal" position by their intrusic merits, and not through the means of puffing, so acqually resorted to. The gallery is located at 503 Broadway.

First Class Daguerrecotypes, at Low Prices, can be obtained at Thompson's, 551 Broadway, between Spring and Prince streets, where you can also get a find zold locket, or fately case, or frame, at a low price and of the best quality.
